SPOTLIGHT

Meet the Principal

Hello Families,

I am Mrs. Collins the principal of New Paradigm College Prep Academy. I have been with our sister school Detroit Edison Public School Academy since 2005 working as an English Language Arts teacher and later an Instructional Coach. Prior to that I taught in the Florida Public School system. In all of my years of education there is one common thread; all parents want what's best for their children. We are here to provide it.

Parents, I have an open door policy, you are invited to meet with me as often as possible and work along side the school to discuss and meet the needs of our students.

I look forward to offering students in the community a challenging curriculum, ensuring they are on track for college and a career. Please do not hesitate to contact me if you have any questions at all.

Educationally yours,

Mrs. Collins
